

Frontier Oak Flooring

Product Description

Frontier Oak is full of beauty from reclaimed wood. We will preserve for you plenty of the original saw-marks and weathering to create a rugged old west look and feel with additional character in knots and nail holes.

- ◆ Specifications are designed to create an overall appearance of a floor and do not always apply to each individual board.
- ◆ Specie-White Oak & Red Oak.
- ◆ Source-19th century barns.
- ◆ Moisture-Dried to less than 8% mc.
- ◆ Knots-Unlimited sound knots, some open knots.
- ◆ Holes-Random nail holes often with ferrous stain.
- ◆ Checks-Unlimited checks and cracks allowed; this product may have more through checks and cracks than most reclaimed floors. These checks and cracks are intended to be part of the finished floor.
- ◆ Surface-Most of the surface area will have the original saw-marks or weathering, some evidence of previous use such as weathered dents and scratches may be visible.
- ◆ Grain-Mixed grain patterns
- ◆ Color-Unlimited color variations, usually browns and tans combined with gray and black weathering.
- ◆ Millwork-Flooring, Tongue & Groove, back relief, square ends.
- ◆ Special-This product is very rustic and follows the original condition of the wood. There may be variances in thickness within individual boards and from board to board. Some of the original cupping or crowning of boards may continue through the manufacturing process.
- ◆ Sizes-3/4" thick, 3, 4, 5, 6, 7, 8, 9, 10" wide, 1-1/2' - 12' long. Occasionally, thicknesses and widths must be adjusted to accommodate raw product.

The unique distinctiveness of a reclaimed wood floor is generally what makes it so desirable. A sample, photograph or description of a particular type of wood flooring may demonstrate the general characteristics. The sample, photograph or description may not necessarily be representative of the product actually delivered due to the great variability in color, grain, texture, sign of previous use, etc.
